25X1 MEMORANDUM FOR THE RECORD

SUBJECT: [redacted] Funding

On Monday, 2 October, I called Burt Wides, General Counsel, Intelligence Oversight Board (IOB) and told him that this was a follow-up to the Director's memorandum of 13 July and that we were still working on resolving the issue involved in the [redacted] 25X1 [redacted] funding and hoped to have something for IOB in the next two or three weeks. Mr. Wides thanked me for the call, said not to worry about timing, that it had taken a long time to even get an answer from the Department of Defense on this matter, and that he recognized that the differences between the Secretary of Defense and the Director would have to be reconciled.
